Experience

Frontend Web Developer and Designer | Self-Employed

Nov 2023 – Present

- Used Figma to create dynamic and interactive prototypes, collaborating and aligning with stakeholders' conceptualizations.
- Gain experience with HTML5, JSX/ReactJS, SCSS, and JavaScript to develop visually appealing, responsive interfaces, ensuring a diverse userbase
- Transformed design concepts into fully functional websites, using WordPress and the latest web technologies

Office Assistant | Joyce A Howard

Feb 2021 - Jan 2024

- Streamlined administrative tasks through effective communicationstrategies, and organization, enhancing overall workflow and efficiency.
- Utilized various software tools, including Intuit programs such as QuickBooks and TurboTax, as well as Microsoft applications such as Excel, Word, and Outlook.
- Managed schedules, appointments, and deadlines, ensuring smooth operations and timely completion of tasks.

Literacy Tutor | Grades 9 - 12 | tutors.com

Jul 2020 - Apr 2023

- Demonstrated communication skills to facilitate strategic planning sessions, helped students communicate their ideas effectively and develop structured assignment outlines.
- Exercised an attention to detail to refine students' writing skills; helping them use clarity, coherence, and proper grammar in their assignments.
- Accommodated diverse learning needs, such as including implementing unique approaches to accommodate dyslexic students and incorporated structured breaks for students with ADHD.
